## LOCAL AND GENERAL NEWS

R. Pym left on Monday to attend the Synod of the English church held in Calgary on Tuesday and Wednesday of this week.

Service will be held in the Methodist church on Sunday next. Rev. Upton will still conduct the service owing to Rev. H. N. Dougan, B. A., not being able to attend for a week or so.

Miss Pym and Miss Roberts left on Wednesday for Banff for a short holiday. R. Pym will join them there after the Conference at Calgary.

An exceptionally fine sample of Fall rye was brought in by the JOURNAL office last week by Philip Neis. It was grown on his farm, eight miles north of here, and was sown last August. The stalks measure over five feet, and are taken from a 20-acre field.

One of the heaviest hail storms to visit this part of the country for a number of years occurred last Wednesday afternoon. Several panes of glass in residences were broken and a large pane in the Mirror Cash Store was broken. It was replaced the same evening, and the following day, a corner was knocked out in some manner or other. A severe rain and electrical storm took place on Thursday afternoon. A large amount of moisture has fallen during the past month and the crop this year should be a bumper one, the conditions so far being all in favor of growing grain.

## Scales at Stock Yards

Beannish & Co. have installed a stock weighing scale at the G. T. P. stock yards, and have also erected corals to facilitate the handling of hogs and cattle on shipping days. Mr. Beannish has placed these improvements there at his own expense, and they will undoubtedly be greatly appreciated by the farmers of this district.

## Memorial Service

Buffalo Lake Homestead, No. 2410, Mirror, Brotherhood of American Yeomen, will hold a Memorial Service in the Methodist Church on Sunday evening, June 21st. The members are requested to meet at Cook's hall at 7 p. m., and march to the church, where services will be conducted.

Next Sunday is being observed as Memorial Day by the Yeomen liges all over Canada and the United States.

The Clive base ball team will play in Mirror on Friday evening, June 20th, at 6:30. Clive won the last game, so the locals will put forth a strong effort to return the dose.

A number from Mirror and vicinity are attending camp in Calgary the latter part of this month. The men from here went with the Alix troop of the 34th Central Alberta Horse.

Miss Olive Wilson, of Stettler, Alberta, is at present staying with her sister Mrs. J. J. Stevenson. Miss Wilson was a former resident of Calgary.

Baseball benefit dance on Friday evening, June 28th, in Kadies's hall. Come along and help the Club.

Beannish & Co. shipped two carloads of hogs from Mirror last Wednesday. This firm is now shipping from one to two cars every week.

The closing date on which the Village Council will accept tenders for the building of the sidewalks in town has been advanced two weeks, and tenders must now be in the hands of the secretary by Monday, June 22nd.

Mr. and Mrs. E. A. Hoegle and daughter Fern, and Mrs. E. E. Hoegle spent several days of this week in Calgary.

The Royal Neighbors are holding a picnic on the school grounds on Saturday afternoon, when they will donate prizes to children for running and other races. Ice cream and cake will also be served free to the children.

## BOYS' SUMMER CAMP

Boys from several of the surrounding small towns are looking forward to spending part of their holidays, Monday, July 6th, to Saturday, July 18th, enjoying the district of camp for the camp is of course Buffalo Lake. By kind permission of W. D. Cook, the loan of buildings and grounds on the shores of the lake four or five miles east of Lacombe have been secured, constituting an ideal camping site. It is sincerely hoped that parents of boys attending any school will permit and encourage them to come and consequently share the enjoyment and benefit that such a camp affords; the cost, to balance living expenses only, being as small as reasonably possible. Details regarding supervision, daily programme, cost, etc., may be had on application to E. G. Pym, Mirror, who should have the names of all who wish to attend, not later than Sunday, June 28th.

## YEOMEN PICNIC PROGRAMME

The following is the program of events for the Yeomen Picnic at Mirror Beach during the first four days in July.

## S. BUFFALO LAKE

E. H. Fell and G. J. Estell paid a flying trip to Lacombe, per C. P. R. from Alix.

Bananas are cheap in Lacombe.

E. E. Estell and engine and plough are among us to tour up the earth. Mr. C. Barrett will have some breaking done, and we understand that he intends breaking a considerable quantity on his own quarter

section. He has a heavy special brush breaker with him, that it is claimed will go through any willow grub that grows.

C. W. Yarwood is busy also with the breaker and Messrs. Sorum Bros. and R. E. Estell are clearing up the brush piles for the plough to start shortly.

Report says our bridge on Tail Creek is to be re-planked shortly, and that therefore some of the eggs and bust auto trees will soon be a thing of the past. If it is true, we shall

surely have to hold a meeting over the "phone," and pass a vote of thanks to the powers that be, then sing the "Mistle Leaf for ever" and disperse quietly to our homes.

Messrs. Sorum Bros., R. Pugh and R. E. Fell delivered hogs to Mirror on the 17th inst. Beannish & Co. are up-to-date now with their new series in the yard, and farmers selling there now are bound to get square weight.

### GOOD PROSPECTS

In the presence of many un-  
satisfactory features of the  
business situation, there is sub-  
stantial cheer in the prospect  
of a big crop. The promise of  
a big crop is sufficiently inspir-  
ing to give renewed courage in  
grappling with existing diffi-  
culties, and in pressing hope-  
fully forward towards the bet-  
ter state of things, which must  
come, and may come soon, out  
of the confusion and discor-  
diance which made business  
sluggish and its rewards uncer-  
tain.

Over against the difficulties  
and problems of the situation  
may be set the splendid outlook  
for the crops at this time.  
Here is an influence, if hopes  
are even in a good measure  
realized, which will make the  
wheels of industry revolve more  
briskly and give more volume  
to the currents of trade.

The first work of this fine  
outlook is to rebuke the spirit  
of distrust and hesitancy, and  
to give to the people, and es-  
pecially business men, so many  
of whom are taking a gloomy  
view of things, a new spirit of  
confidence. It is a wonderful  
country, and even when diffi-  
culties are appraised at their  
full value it cannot be denied  
that we are enjoying, and are  
pretty sure to continue to en-  
joy a splendid prosperity.

The central fact in all this is  
perhaps the wealth of the  
country, the manner in which  
the farmers are adding to the  
general prosperity, together  
with the grand persistence and  
bounty of nature, and the kind-  
liness that resides in it, or back  
of it. It should not be forgot-  
ten, however, that in the pre-  
sent hopeful condition of agri-  
culture, the human element en-  
ters. Man has not been idle.  
The cultivation of thousands of  
acres involves the putting forth  
of tremendous amounts of ef-  
fort, and the expenditure of  
immense labor, which fortune

tely, is likely to have ample re-  
ward.

One of the significant things  
for business men is that not  
only does this crop promise to  
be a record breaker, but it is to  
come from a greater number of  
acres than have ever been in  
cultivation in this great coun-  
try. The increased acreage is  
certainly stimulating. Some-  
thing is to be learned from it,  
too, Commercial.

When we were young, peo-  
ple that had had colds soaked  
their feet in hot water and get  
well, now they have laryngitis,  
take quinine and are sick all  
summer. Then they had sore  
throat and wrapped a piece of  
old pork in an old sock tied  
around the neck and went to  
work the next day; now they  
have tonsillitis, a surgical opera-  
tion and two weeks in the  
house. Then they had the  
stomach-ache took castor oil  
and recovered, now they have  
appendicitis and a month in the  
hospital. They worked then,  
now they labor. In those days  
they wore underclothes now  
they wear ligatures. They went  
to a restaurant for dinner, now  
they go to a cafe. Then they  
broken a leg, now they fracture  
a limb. They went to a doctor,  
now they are afflicted with  
brain storm. Then the good  
old doctor prescribed a little  
straight from the shoulder, now  
they read an essay on the new-  
est research on M. H. in  
M. D. S. Ave. Pollicane then,  
potatoes, and a few years  
now they pay garden seeds, and  
so on. —Tribune (Wash.) news.

## MIRROR WINS 3 GAMES OUT OF 4

Mirror was slightly off color  
in a game against Clive on the  
local diamond last Friday even-  
ing, and at the end of a seven  
innings' struggle the visitors  
knock-knocked home with the  
local's sculps dangling at their  
belts. The score was 0 to 1.

Umpire Slinger came in for the  
usual umpire's roast

Clive out-played and out-hit  
the Mirrorites in both halves  
of the evening, deserved the  
victory; although the local  
twirler had more strike-outs to  
his credit.

The team somewhat redeem-  
ed themselves, though, when  
on the following evening in  
Trochu they took the big end  
of an 8 to 3 score. There was a  
complete reversal of form, as the  
Mirrorites hit the pill for  
more hits and were credit-  
ed with less errors than their op-  
ponents. As on the preceding

Hayden was caught asleep off  
second, when Eastman pegged  
from home plate to Iverson

night the losing pitcher was in  
the lead with the strike-out  
staff.

home the bacon in both halves.  
They stacked up against Haultain  
in a seven inning's game and  
won out by 5 runs to 2. In the first and third Haultain  
got two hits in each and these  
coupled with four errors by  
Mirror gave them the two runs.

out their opponents and slat-  
ing out 14 hits. At no period  
was Ferintosh in it for a  
minute, only three men getting

## INVESTING IN OIL

\*Great care should be exercised  
by the public in the purchase  
of oil shares. The great major-  
ity of purchases made during  
the past two weeks have been  
made without any knowledge  
as to the capitalization of the  
companies, the proportion of  
stock used for promotion pur-  
poses, the use of which the  
company stock is to be put, the  
nature of the leased which the  
companies are supposed to hold,  
the location of the lands cov-  
ered by the said leases or of the  
character of men who form the  
directorate.

It is quite possible that a  
wonderful discovery may be  
made at the Dingman well, but  
the plain truth is that nothing  
has yet occurred to warrant the  
investment of money excepting  
for purpose of legitimate ex-  
ploration with the full knowl-  
edge on the part of the invest-  
or that the money may be spent  
without any return. Later on,  
when the present well has been  
proven and other wells have  
been brought in, thus defining  
the oil area, it will be possible  
to invest judiciously. If the  
oil discovery proves good, it  
will be good for many years  
and there will be ample op-  
portunity for everyone to bene-  
fit if under conditions that  
will permit of the exercise of  
ordinary business caution and  
judgment. The indications are  
that Alberta will very probably  
prove to be one of the world's  
greatest oil fields, but this prob-  
ability only serves to render  
the more unnecessary any haste  
in investing except for develop-  
ment purposes by those who  
can afford to lose.

If another strike is made in  
the Calgary field it will insure  
the thorough prospecting of  
the entire province by British  
American and Eastern Canadian  
capital. If 5 per cent. of the  
area under lease should  
prove productive, it would  
mean the discovery of perhaps  
the richest oil field in the uni-  
verse, but 62 per cent. of the  
leases would still be valueless.  
It therefore becomes neces-  
sary that oil areas should be  
definitely defined before care  
in investing is possible. This  
is then a matter of in-  
vestigating the standing, cap-  
italization and the methods of  
the different reputable compa-  
nies who leases are properly lo-  
cated.

Investment at the present  
time is purely speculative, with  
the gambling element very  
much emphasized. So long as  
people who buy realize this and  
desire to take a long chance, it  
is their own business, and all  
we can do is to wish them the  
best of luck—Camrose Cana-  
dian.
